Higher education scholarship Program Guidelines & Application

The Native Village of Kotzebue (NVOK) Higher Education Scholarship Program Provides financial aid to eligible members with the associated costs of pursuing a degree at an accredited post-secondary education institution. This is a needs-based award. Students must show financial need after other sources of funding have been considered. The program is dependent upon the annual Federal budget process. Thus, the amount of finances available varies with appropriations made by the U.S. Congress. The NVOKs Higher Education Scholarship Program is a SUPPLEMENTAL program. Therefore, applicants must apply for additional resources from other sources. This program is governed by the Code of Federal Regulations: 25 CFR 40.

FULL-TIME STUDENT

An enrolled student who is carrying a full time academic workload (other than correspondence course): A minimum of 12 credit hours per semester or 10 credit hours per quarter, or the school's definition of full-time status.

FAFSA

A DOCUMENT THE STUDENT *MUST* FILL OUT IF THE STUDENT WANTS TO BE CONSIDERED FOR A NVOK SCHOLARSHIP. The FAFSA is the **Free Application for Federal Student Aid** to the following programs that are administered by the U.S. Department of Education and provide for over \$33 billion a year to students attending post-secondary Schools:

- Federal Stafford and PLUS Program
- Campus-Based Programs
- Federal Supplemental Education Opportunity and Pell Grants
- Federal Work Study
- Perkins Loans

The FAFSA will take 4-6 weeks to get processed and the student will receive a **Student Aid Report (SAR)**. The SAR is an electronic printout of the information that the student provided on the FAFSA. The student will need to look over the information to ensure that it was entered into the database correctly. The student will either need to make the corrections or simply sign off if the information is correct. Once the student turns the SAR in, it will take a couple more weeks to hear whether or not the student is eligible for federal aid.

Filling out the FAFSA is often the first step to receiving other financial aid. Even if the student is not sure that he/she is eligible- **the students need to apply.** In addition to being mandatory for consideration for and NVOK Higher Education Scholarship, students are often pleasantly surprised to find that they *are* eligible for funding. But students should apply as soon as possible for a better chance at funding. The student can obtain applications from most colleges or vocational training facilities in the student's area. If the student does not have these in the area, check the school counselor. But the fastest way to apply is online: www.fafsa.ed.gov. FAFSA on the web uses skip logic based on the student's particular information, so the student will need to answer fewer questions than on the paper application. FAFSA on the web also checks the student's answers before the application is submitted, so there is less chance the student's application will be rejected because of missing or conflicting information. The student can save application information so that it can be completed and transmitted at a later time. FAFSA on the Web can be used on Windows or Macintosh computers, using the most popular Netscape and Microsoft browser versions.

GOOD STANDING

Students must maintain a minimum GPA of 2.00 or better. Full-time students must complete 12 credits per semester or 10 credits per quarter. Part-time students must complete a minimum of 6 credits.

MITIGATING CIRCUMSTANCES

A circumstance, such as a student's medically diagnosed condition impairing the ability to continue a course of study documented by his or her or any other undue hardship that significantly hinders a student's academic process.

PART-TIME STUDENT

An enrolled student who carries a part-time academic workload: A minimum of 6 credits as a degree-seeking student.

PROGRAM PLAN

An individualized course of study in which the student, in conjunction with the degree granting institution of higher education, outlines the required courses for the desired degree.

UNMET NEED

The difference between the student's cost of education and the resources available to defray those costs.
