KEA Electricity Application: Swan Lake Loop Disaster

The Native Village of Kotzebue is providing relief to its Tribal Membership who have increased electric bills due to the failed Swan Lake Loop disaster. If you are experiencing increased electric bills related to the state of emergency and you are a NVOK Tribal member, you may apply to NVOK for assistance. For eligible applicants, NVOK will pay the increased portion of your bill until the disaster is resolved. You must provide your electric bill and show your increase.

You may also check the box below and KEA will send us a monthly average of what you pay.

I authorize KEA to provide an average monthly bill to the Native Village of Kotzebue.
