

TIER II MUSKOX APPLICATIONS

November 1st - December 16th

Open only to Alaska residents.

No application fees required.

ADF&G staff are available to answer questions and help with the application process.

Hunters interested in participating in Unit 22 and 23 Tier II MuskoX Hunts during regulatory year 2025 must submit a Tier II Subsistence Hunting Permit Application to be eligible to receive a permit.

Tier II hunts are open to Alaska residents only, and are issued when there is not enough game to fill all subsistence needs. Applicants answer questions concerning their dependence on the game for their livelihood and availability of alternative resources. Applications are scored based on responses to the questionnaire and permits are issued to those with the highest scores.

Tier II applications can be submitted online at adfg.alaska.gov beginning November 1 until 5:00 pm (AKST) on December 16, or with a paper application, submitted by mail, postmarked by November 30. Remember, a separate application must be completed for each hunt being applied for.
